360 Southwest

Mowing & Gardening Service

Did you know that 360 Southwest has expanded our services to include professional lawn and gardening care!

As a registered NDIS provider, 360 Southwest Mowing and Gardening Service are committed to delivering quality services not just to NDIS participants, but to the entire community.

Even better, our 360 Southwest Mowing and Gardening Services are dedicated to providing supported employment opportunities, enabling participants to thrive in a supportive workplace environment.

For enquiries or to make a booking, please contact our main office on 45049111 and ask to speak with Harry. Let us help you keep your garden beautiful while supporting our community!

SLES UPDATE

School Leavers Employment Support

The NDIS School Leavers Employment Services Program (SLES) is a specialised program designed to assist young individuals with disabilities in their transition from school to employment. It is a post-school support program funded by the National Disability Insurance Scheme (NDIS).

This week in SLES our participants have been creating meal plans, and easy to follow recipes. This type of supported learning is providing participants with the skills and knowledge necessary to prepare and cook their own meals in a safe and nurturing environment.

Participants have also been looking at budgeting and money handling skills, both of which will be beneficial for their pathway to employment.

Community Access

Some of our participants and staff attended The Questacon Science Circus on Saturday, before enjoying Fish n Chips for tea in Port Fairy. Community Access and Social opportunities are important to promote inclusion, improve mental health and enhance social skills for our participants.
